

PROFILE

Experience of about 5 years working as a Freelance. Knowing different areas in "design, SEO and web developer".

I love learning things I could improve or help to reduce work time. My focus is on the entire visual field, studying animations, user experience and user interface.

Each project is a mark of my work, so I am aware of doing an exceptional project (It is my reputation). For that reason, I would like to be in a team where I can do great projects and challenges
